SUMMARY

Final-year Information Systems student at Petra Christian University (GPA: 3.39/4.00) with hands-on experience in frontend development, data analytics, and UI/UX design. Completed a 5-month internship building responsive web interfaces, SEO content systems, and WordPress solutions for multiple clients. Proficient in React, Next.js, TypeScript, Python, and SQL. Seeking entry-level or internship roles in Frontend Development, UI/UX Design, or Data Analytics.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS, HTML/CSS, Framer Motion, REST APIs

Backend / Database: Supabase, PostgreSQL, SQL, Laravel (Blade, Eloquent ORM), Next.js API Routes, PHP

Data & Analytics: Python, Pandas, NLTK, Plotly, Streamlit, Microsoft Power BI, Data Visualization

QA & Testing: Manual Testing, Test Case Design, Bug Reporting, API Testing (Postman), Automation Testing (Cypress.io), SDLC/STLC, Agile

Tools & Workflow: Git, Figma, Vercel, VS Code, WordPress, Semrush, SEO

Languages: Indonesian (Native), English (Professional), Chinese (Elementary)

EXPERIENCE

Deus Code

Frontend Developer & SEO Analyst Intern · On-site

Feb 2025 – Jun 2025

Surabaya, East Java, Indonesia

- Designed and prototyped donation platform pages in Figma; built responsive frontends using Tailwind CSS and Laravel Blade integrated with backend services.
- Developed and maintained WordPress sites for approximately 5 clients, improving page layouts, load performance, and Core Web Vitals scores.
- Conducted keyword research using Semrush for 10+ target keywords per client, produced SEO-driven content, and delivered monthly performance reports to stakeholders.
- Executed content plans, backlink strategies, product listing uploads, and social media posts to increase brand visibility across client accounts.
- Delivered two end-to-end special projects — a Donation Website and Vrtimes content pipeline — presented at the final internship demo.

PROJECTS

AuraFlow — Personal Finance Dashboard

Next.js · TypeScript · Supabase · Tailwind CSS · Framer Motion

Jan 2026

auraflow-os.vercel.app

- Built a full-stack personal finance dashboard for manual net worth tracking and cash flow analysis without third-party bank integrations.
- Implemented Supabase Row Level Security (RLS) to enforce per-user data access at the database layer; used Server Actions with optimistic updates for instant UI feedback.
- Shipped features including real-time net worth summaries, date-grouped transaction ledger, and CSV/PDF export tools.

Vertex — Inventory Analytics Dashboard

Next.js · TypeScript · PostgreSQL · Supabase · Recharts

Jan 2026

vertex-inventory.vercel.app

- Designed and built an internal inventory dashboard to track stock risk and demand trends using auditable, rule-based forecasting logic.
- Modeled inventory, sales, and restock events as separate relational entities; computed aggregations server-side to keep visualization logic independent from business rules.

- Implemented configurable low-stock alerts, category-level stock distribution views, and historical demand charts across selectable time windows.

KuroFest — Anime Convention Event Website

Next.js · React · TypeScript · Tailwind CSS

Jan 2026

kurofest.vercel.app

- Designed and built a static event website from a creative brief, producing a consistent UI system with clear visual hierarchy and thematic branding.

BCA Product Intelligence — Review Analytics Dashboard

Python · Streamlit · Pandas · NLTK · Plotly

2025

bca-mobile-dashboard.streamlit.app

- Built an NLP-powered analytics dashboard that extracted recurring user pain points from 1,000+ Google Play Store reviews for the BCA Mobile app.
- Preprocessed review data using token normalization and stopword removal; classified complaints by keyword frequency and sentiment polarity using NLTK.
- Delivered dominant complaint category views, sentiment trends over time, and representative review excerpts to support product team decisions.

RecipeShare — Full-Stack Recipe Platform

Next.js · TypeScript · PostgreSQL · Tailwind CSS

Nov 2025 – Present

recipeshare-project.vercel.app

- Led frontend development for a group project in a Client-Side Programming course; defined shared component and visual guidelines to maintain consistency across multiple contributors.
- Built recipe browsing, submission forms, and client-side data persistence integrated with an external backend service; actively continuing development post-course.

CERTIFICATIONS

React JS — Web Frontend Development

SanberCode Bootcamp · Credential ID: 48029/794/SNBR/BOOTCAMP/IX/2025

Aug 2025

Quality Assurance

SanberCode Bootcamp · Credential ID: 48215/813/SNBR/BOOTCAMP/X/2025

Topics: SDLC/STLC, Test Planning & Cases, Bug Reporting, API Testing (Postman), Automation Testing (Cypress.io), SQL

Sep – Oct 2025

Laravel — Web Development

SanberCode Bootcamp · Credential ID: 48379/815/SNBR/BOOTCAMP/XI/2025

Topics: MVC, Eloquent ORM & Relationships, CRUD, Database Migration, Git, Deployment

Oct – Nov 2025

EDUCATION

Petra Christian University

Bachelor of Science, Information Systems · GPA: 3.39 / 4.00

Jul 2022 – Expected Jul 2026

Surabaya, East Java, Indonesia

- Relevant coursework: Client-Side Programming, Data Analytics, UI/UX Systems, Database Architecture, IT Project Management, Business Process Analysis.
- Skills applied: Laravel, Microsoft Power BI, Python, SQL, Web Development, Data Mining.

ORGANIZATIONS & VOLUNTEERING

Coordinator of Logistics — UKM Ilustrasi Petra

Petra Christian University

Jun 2023 – Jun 2024

- Led logistics division; managed equipment procurement and operational setup for student organization activities.

Technical Logistics Staff — WGG, SAN x LKTI, Tutorial UAS Committees

2023 – 2024

Petra Christian University

- Coordinated large-scale asset distribution and venue setup across multiple events; managed AV systems, lighting, and cross-departmental equipment lending SOPs.

Volunteer Instructor — Scratch the Commander

May 2024

SMP Santa Maria, Surabaya

- Taught Scratch programming fundamentals to middle school students as part of a group-based service-learning initiative.
